

The above map is an inset view of the new West Norman Link route.

ALTERNATE SCHEDULE & NO SERVICE

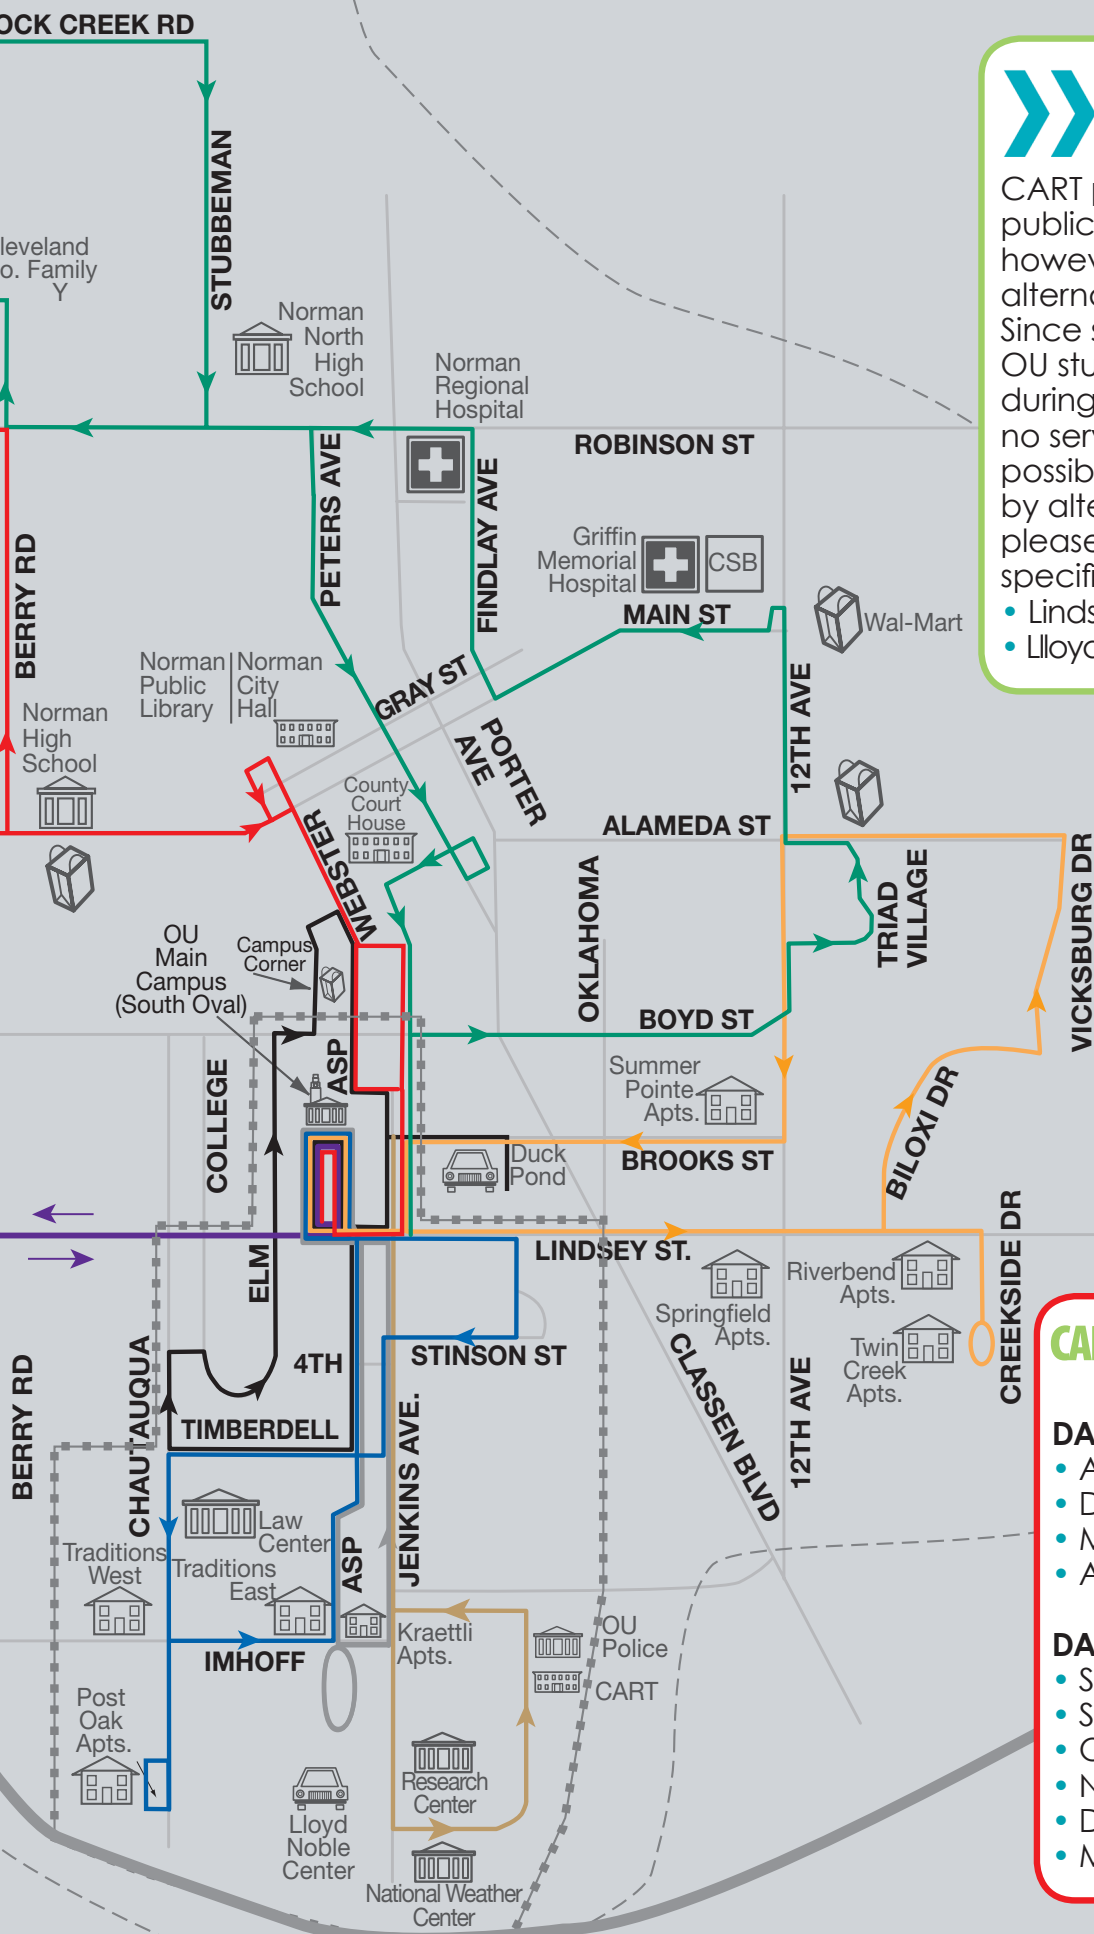

CART prides itself on operating year-round public transportation service in Norman; however, certain periods necessitate an alternate schedule or not operating at all. Since some routes are primarily utilized by OU students, CART conserves resources during instances of alternate schedule and no service by operating as efficiently as possible. The following routes are affected by alternate schedule and no service, but please view those pages in this booklet for specific information:

- Lindsey East • Lindsey West • Campus Loop
- Lloyd Noble Center Shuttle • Research Shuttle
